2023 Underused Housing Tax (UHT)

Generally, the Underused Housing Tax (UHT) is payable by non-resident non-Canadian **owners** of vacant or underused housing in Canada. Most Canadian owners of **residential property** are excluded owners and, therefore, do not have any obligations and liabilities under the Underused Housing Tax Act (UHTA). However, UHT is still payable by certain Canadian owners of housing in limited situations.

Residential property is broadly defined as:

- a detached house or similar building that contains not more than three dwelling units, along with any appurtenances and the related land
- a semi-detached house, rowhouse unit, residential condominium unit or other similar premises, along with any common areas, appurtenances and the related land

You are an **owner** if any of the following applies:

- you are identified as an owner of the property in the land registration system where the property is located
- you are considered an owner of the property based on such a land registration system
- you are a life tenant under a life estate of the property
- you are a life lease holder of the property
- you are a lessee that has continuous possession of the land on which the property is situated under a long-term lease

If you owned, in whole or in part, a residential property in Canada on December 31st, please read and answer the following questions carefully to help us determine whether you have a filing obligation or are subject to the UHT tax, and need to prepare additional forms to submit to the CRA. Non-compliance with this reporting requirement results in significant penalties.
